

It's finally time to start analyzing the fantasy football experts — I hope you are all as excited about this as I am. Last winter I presented the initial phase of my results about the accuracy of 2007 preseason rankings from fantasy football sites here on the Fifth Down. This year I have joined forces with the Fantasy Sports Trade Association (F.S.T.A.) to run a good old fashioned contest to see which site wins the accuracy award for 2008. I've changed a few things this time around; primarily, I am now analyzing sites based on positional rankings, not overall rankings as I did in the past. This should make the analysis more targeted and hopefully more valuable for fantasy footballers.

They did their part by defeating the Saints, nike nfl jerseys 2012, 23-13. But the Bucs (10-6) didn't get the help they needed as the Packers and Giants won their games. The Packers ended up with the No. 6 seed.

Still, nfl reebok jersey, you have to look at their season as a big success. Even in the New Orleans locker room, the Bucs were receiving high praise.

Although the final results of this contest will not be available for another month or two, I am taking an early sneak peek at how sites have done now that we've wrapped up Week 13 and are done with the fantasy regular season in many leagues. Today I am scoping out the running back rankings only — how well did those 22 different rankings do at predicting running back success in fantasyland? To figure this out, I did some very basic math — I compared each site's running back rankings using the top 36 players they ranked (36 would account for the top 2 starters and a flex for 12-team leagues) and compared that ranking to each player's Week 13 ranking based on fantasy points. I took the difference between those two rankings, miami hurricanes football jersey, squared it, and then summed the 36 players' points for each site.

In late August, nfl jerseys for 2012, the F.S.T.A. solicited rankings from its membership based on a fairly standard scoring system (jump back to my post in September about this for more details) and I roamed the Web for additional Web sites that had rankings that fit this scoring system. I found it quite interesting that despite the importance of scoring on our seasonal and weekly lineup decisions, nfl nike 2012 jerseys, many sites did not note their scoring system alongside their rankings. As of today I have rankings from 21 fantasy expert sites and one additional ranking to address the wisdom of the crowd theory that I'm trying to home in on this season: the Average Draft Position from FantasyFootballCalculator.com.

Please keep in mind that the season isn't over yet and this is just an analysis of running backs from one year — not enough to make any major statements about a site's value. The F.S.T.A. member Web site that proves to be the most accurate will receive an award at the F.S.T.A. annual winter meeting, although I am also looking at sites that are not part of the F.S.T.A. as well. If you have a ranking that you would like included in this analysis (and can confirm that this is the ranking you posted before the season began), I would love to hear from you. Last year you all brought up some excellent points on the strengths and weaknesses of the analysis I did for 2007, nfl jersey sizing, so please feel free to ask questions or make suggestions on how I can further refine the 2008 analysis.

Oh, nfl and nike, and hey, nike sponsor nfl, university of maryland football jersey, good luck in the fantasy playoffs!

There's no playoff berth for the Bucs even though they reached what Raheem Morris constantly referred to as "the race to 10" wins all season. Ten wins usually mean a playoff berth, nfl jersey show, but it didn't happen for the Bucs.

To keep this post shorter, I am going to list only the top 10 sites here. To see the rest of the list and read more details, including the spreadsheet with all the player rankings, nfl custom jersey, ireland football jersey, design your own nfl jersey, check back on my blog, nfl home

A quick example — almost every site ranked LaDainian Tomlinson as the #1 RB during the preseason — as of Week 13 he was the 15th best RB, making a difference of 14, or a square of 196. Now I should note that I didn't remove injured players. Removing injured players could become a very sticky matter (how many weeks does a player play before he is removed for being injured?) and because injuries to players like, say, Tom Brady affect most sites in an almost identical matter,old nhl jerseys,authentic nfl jersey, I'd rather include them than not. Sites that had enough foresight to rank injury-prone players at a lower spot should at least be rewarded in some small way for that prescience. Therefore you're going to see some pretty big numbers associated with sites' rankings, because there are players on injured reserve (IR) like Laurence Maroney who were ranked by most sites, but fell way, way out of the top 36 by Week 13 — so don't worry about the massiveness of the numbers, just focus on their relative position compared to other expert sites.

NEW ORLEANS — As the Tampa Bay Buccaneers left the Superdome a few hours ago, they remained in the playoff picture.

"I think Raheem Morris should be the coach of the year," Saints linebacker Scott Shanle said.

The 10-6 season following last year's 3-13 record marks the biggest turnaround in franchise history. The previous record came when the Bucs went from 5-11 in 2004 to 11-5 in 2005. Quarterback Josh Freeman threw two touchdown passes. He now has thrown at least one touchdown pass in 13 consecutive games,nfl jerseys, which breaks the 12-game record set by Brian Griese.

Freeman finished the season with 3,nfl team jerseys,451 passing yards, 25 touchdowns and six interceptions. The only other quarterback in franchise history to reach 3,000 yards, 20 touchdowns and fewer than 10 interceptions in a single season was Brad Johnson in 2002. Freeman also finished with a 95.9 passer rating. That's the second-best mark in franchise history. Griese had a 97.5 rating in 2004.

Rookie receiver Mike Williams had an 18-yard touchdown catch against the Saints. That gives Williams 11 receiving touchdowns,youth nfl jersey, which is a new franchise record. Joey Galloway had the previous record,nike and the nfl, 10 touchdown catches in 2005. Williams also finished with 964 receiving yards. The only rookie to have more receiving yards in franchise history was Michael Clayton (1,nfl pink jersey,pink football jersey,hockey jerseys custom,193) in 2004.

LeGarrette Blount became only the third rookie in franchise history to rush for 1,000 yards in a season. Cadillac Williams did it in 2005 and Errict Rhett in 1994. Blount finished with 1,canada hockey jersey,nfl personalized jersey,007 yards and he did it on only 201 carries. In Williams' rookie season, he carried 290 times and finished with 1,178 yards. Rhett carried 284 times for 1,011 yards.

With the Bucs' victory,infant football jersey, the NFC South finished with three teams with 10+ wins this season (Atlanta – 13-3; New Orleans – 11-5; and Tampa Bay – 10-6). It marks just the second time since realignment in 2002 that a division has had three teams with double-digit wins in the same season (also the AFC South in 2007).
